Updates from The Hualapai Chairman

Submitted by: Dr. Damon Clarke | Hualapai Tribe Chairman

Issue #05

Friday, March 10, 2017

Inside this issue:

Events & General Information	2
Job Opportunities	17
Education & Training	25
Health & Safety	38
Community Messages	41

Special points of interest:

- Hualapai Tribal Utility Authority (HTUA) meeting on Thursday, March 16, 2017 at 9:00AM at the Hualapai Health & Wellness Department.
- Regular Council Meeting on Monday, April 3, 2017 at 8:01 a.m. in the Hualapai Tribal Chambers.
- Be sure to look for flyers and join us on the annual Earth Day Planning Meeting SOON!
- A notice regarding the Constitution Meeting will be out once it has been reschedule. Watch for that flyer also.

Gum iyuje?

We wanted to bring you up to date on the Tribal Council issues, travels, and concerns. The past two months have been significant in that we have had several meetings concerning our departments, the gaming compacts, interviews of board members, a couple of conferences, and a few concerns.

First and foremost, we want to share our condolences to the families of Sandra (Wellington) Lucero; Willa (Charlie) McDaniels; Celeste Powskey; Brandon Crozier; and Lois (Sinyella) Castro. Our prayers and hearts go out to the immediate families and relatives.

Council meetings with Departments

On January 25, the Council and the Hualapai Police Department had an open meeting with the community about concerns with the Department and community. Several members of the community expressed their concerns and so did the Council. The meeting was very productive in that the goals and objectives of the Department are being addressed. We have learned that there are issues that have a greater impact to the community when necessary. It has been evident that we need to realize that the officers have a duty to provide to the community, but there needs to be the understanding that the community looks at the department for their help as well. Sometimes too often we protect ourselves from our own people and end up being victims and enable our relatives to continue the hurt and behaviors we want to take control of. In conclusion, the meeting held was the first with the Police Department and Council in over 16 years! It will not be the first or the last; we will continue this communication for some time in the future. Thank you for your cooperation and hopefully your understandings with what you provide.

On February 9, we had a special open meeting with EMS (Emergency Medical Services), Fire Department(s), and Animal Control about concerns, issues, and complaints with the services provided in the community. Again, like the Police Department, the issues were dealt with and we are looking at services that work to the betterment of the community. We were amazed at the number of employees that we have in the three areas. We have about 60 employees that are at Peach Springs, Grand Canyon West, and the Milkweed stations. Again, we are going to continue with our plans to open the communication with the departments and community. As stated above, we express our thanks to the Departments for their services and look forward to the betterment of our efforts. A big concern of the Council is that we do not see our local people working for these departments of Law Enforcement, EMS, Fire, and etc. Get involved, and get into these positions.

Gaming Update

Since January 2017 we have had four (4) meetings concerning gaming issues with the Governor/Staff, Tribal leaders and with Arizona Indian Gaming Association (AIGA). With the Compact negotiations, we have worked on the "Phase Two" of the compacts. We are dealing with language, issues of how to make the compact more "Modernized". We will keep working on our issues, as well as the tribal leaders that are working on their concerns, as we are a non-gaming tribe with our machines being allotted with

other tribes.

With the AIGA, we have paid our dues and are very much included in the discussions that pertain to legal items that we are confronted with. In January, we selected a new Chairman of the organization, President Bernadine Burnett from the Ft. McDowell Yavapai Apache Nation through October 2017. We have had our concerns with the organization, but lately, we have had changes and it looks very promising to see our progress in the right direction for Indian Gaming in Arizona. The Gaming monies are helping AZ with education; giving employment to over 15,000+ to the state, trauma and emergency care, tourism promotion, and wildlife conservation. With our tribe, we benefit from the revenues with the community need of glasses, utilities allowances, and other social needs. We are updating our By-Laws of the Organization. We meet at different locations within the State and have hosted a meeting in Peach Spring Gym in October 2016, the first of its kind for a non-gaming tribe. We plan to host another in the near future, probably at Grand Canyon West. More information is available at www.azindiangaming.org/

Conferences Attended

Legislative Day Jan. 11

In January, a few of us attended the 53rd Legislative Day at the AZ State Capitol. Several of the Tribal leaders met with State Legislators for about an hour discussing our needs and concerns. We asked that the State Legislators need to come to our Reservations, because we always go to Phoenix, but they need to embrace our land, our issues, our concerns, and our needs. Several tribal leaders from the White Mountain Apache Tribe, Ft. McDowell Yavapai Apache Nation, and Kaibab Band of Paiutes addressed the Senate with history, culture, and our contributions to the State of AZ. They also address the need to continue this approach with tribes and the concerns of our Health Care and Education. Very informative, we will see if we get our elected Legislators here; by the way, our Senate Representative is Jamescita Peshlakai (D); and our House Representatives are Eric Deschenie (D) and Wenona Benally (D).

3rd Annual Tribal Government E-Commerce Feb. 2-3

Several Council members attended the E-Commerce Conference in Chandler on Feb. 2 and 3 that provided us with information on the following: The Shifting Political Landscape in Indian Country; Broadband Infrastructure Development and Deployment in Indian Country; Consultation with State & Federal Counterparts; Cyber Liability Insurance; What's new on Tribal E-Commerce; the recent developments of Internet Gaming, Fantasy Sports, sports Betting and eSports for Indian country; and E-Commerce Entrepreneurship: Internet Commerce in Real Life.

With the new Administration, President Donald Trump, many tribes are looking to expand on economic development ventures, the protection of natural resources, and looking at alternative energy and the improvement of communication with state and federal agencies. The discussion was bridged towards the new administration supporting tribes. From most of the discussions from the panel, other guest speakers, there seems to be no changes. If there were, there would be the dissolving of several committees, sub-committees, and major hauls for the change. The outlook is positive at this time, we are hopeful with what has been perceived so far.

With the broad band issue, we are very aware that the area of Peach Springs is in great need of upgrades. We needed this for quite some time, and have some connection to the word, but it is not at speeds we want. There are applications that take time, energy, and grant applications to fill out that will fulfill the needs of the community, the schools, and area.

Just within a couple of day afterwards, we were approached at the Council meeting of an offer to the Tribe about obtaining an offer from N.A.U. and Mr. Brian Shih from California with an Education Superhighway proposal. More to come... What good timing, Right?

The overall conference was dealing with marketing, state regulations, and developments of business through the use of the internet. The use of the internet and E-Commerce has provided a platform for Tribes and Native entrepreneurs to reach consumers in the world.

Topock Remediation Project February 22

We, the Hualapai Tribal Council, were invited to attend a Tribal Executive Leadership Meeting at Lake Havasu, AZ in the Topock Remediation Project. There is a PG & E (Pacific Gas & Electric Company) that has a compressor Station in Topock, AZ that compresses natural gas to Northern and Central California through a pipeline. This has been in operation since the early 1950s. During that time chromium was added to prevent corrosion, which was standard practice, and since then the groundwater was contaminated with Hexavalent Chromium.

The wastewater was treated in 1964 to remove the Hexavalent chromium and the chromium was discontinued.

This was detected near the Colorado River and measures were initiated to control the spreading. During 2004 to 2010 Tribal leaders were called upon to be part of the talks and sessions for the treatment. Since that time there has been the remediation of work that has been in progress:

Clean up of the groundwater and soil removal at and near the Station; Protection of the public health, environment, and cultural resources; Compliance with regulatory deadlines and requirements; Constant engagement with Tribal leaders, communities and others; and Continuous monitoring. The Colorado River and the environment have not been heavily saturated to be all contaminated and Groundwater treatments have been on-going. The efforts of this cleanup and working with tribes has been a big plus to ensure our ancestral grounds. If more information is needed, do not hesitate to ask the Cultural Department Director.

February 23 Indian Country Intelligence Network/Firstnet Meeting in Phoenix, AZ

The ICIN (Indian Country Intelligence Network/First Net Meeting invited Tribal Leaders to this meeting in Phoenix to provide information on the status of FirstNet. The ICIN is an organization representing the twenty-one Tribal Nations in Arizona and their Law Enforcement agencies. They work together to solve issues pertaining to their work areas and on projects and concerns in Indian Country. It is the largest Tribal Law Enforcement organization currently in the United States.

The purpose of the Firstnet Meeting was to provide information to the Law Enforcement and to the Tribal Leaders about a Nationwide Public Safety Broadband Network and implementation of this Network. First, the Governor must decide to implement the Network or do their own. It is to provide safety to the public. This will be operational by 2019, and since we are a Sovereign Nation, we need to communicate this need to the state's single point of contact. We are in the forefront of this movement. We will provide more information as we obtain it.

Also, as you have witnessed, we have many on-going meetings that are of concerns for the Tribal members. These meetings are with the Revising of the Constitution; the Election Ordinance; the Blood quantum; and the special and general meetings of the Council. We are Taking It to The Next Level, and we hope you are working to make a change in your daily ordeals and making sound choices, remember, "The Choice is Yours".

Hanikyu.

Request for Proposals for Energy Related Studies • RFP's Close Monday, March 24th

Submitted by: Kevin Davidson | Hualapai Planning Department

Request for Proposals for Energy Related Studies

The Hualapai Tribe is soliciting Request for Proposals (RFPs) from qualified firms to perform two separate studies as follows:

- a Community-Scale Solar Feasibility Study for electric generation on the reservation. Conducting the study is a prerequisite to the tribe seeking financing and then constructing a solar array.
- a Cost of Service Study for electrical utility services on the reservation. Conducting the study is a prerequisite to the tribe taking control of the electrical utility services on the reservation.

The two RFPs close on March 24, 2017, at 4:00 PM Arizona Time. Proposals will be accepted from both Indian-owned and other firms for this project. All questions must be submitted in writing and may be sent via email to the individual listed below. All bids shall be submitted to:

Kevin A. Davidson, Director
Hualapai Tribe Planning & Economic Development Department

Mail to: P.O. Box 179 or
Deliver to: 887 W. Highway 66
Peach Springs, Arizona 86434
Phone: (928) 769-1310 Ext. 22
Fax: (928) 769-1377
Or e-mail to: kdavidson@hualapai-nsn.gov
See www.hualapai-nsn.gov for RFP postings

Request for Project Management Proposals • Close Friday, April 10th

Submitted by: Kevin Davidson | Hualapai Planning Department

Request for Project Management Proposals for Building Three Single-Family Homes in Peach Springs, Arizona

The Hualapai Indian Tribe is soliciting consultant services to coordinate and oversee the administration, selected re-design, procurement and construction of three Single-Family Homes in the Box Canyon community of Peach Springs, on the Hualapai Indian Reservation. Proposals will be accepted from both Indian-owned and other firms for this project. Proposals are due on Friday, April 10, 2017, at 5:00 PM.

All questions must be submitted in writing and may be sent via email to the individual listed below. All bids shall be submitted to:

Kevin A. Davidson, Director
Hualapai Tribe Planning & Economic Development Department

Mail to: P.O. Box 179 or
Deliver to: 887 W. Highway 66
Peach Springs, Arizona 86434
Phone: (928) 769-1310 Ext. 22
Fax: (928) 769-1377
Or e-mail to: kdavidson@hualapai-nsn.gov
See www.hualapai-nsn.gov for RFP posting

Public Notice • Selective Services

Submitted by: William Dwiggins | Hualapai Education & Wellness

Attention all male Peach Springs Residents!!!

Did you know that if you are a male between the ages of 18 and 25, you are legally required to sign up for selective services?

How do you sign up?

That's easy! Your post office has registration forms to fill out. All you need is a pen and a stamp! You can even fill it out right there!

Does that mean you are enlisted in the armed forces?

No! Registering for Selective Services in no way makes you part of the armed services. All it means is in the event of a president initiating a mandatory draft, they are able to select registered persons for required service. This hasn't happened in quite some time, so your chances of being enlisted aren't high.

Remember, this is non-optional. ***It's the law!***

Notice to Fuelwood Cutters

Submitted by: Charles A. Murphy | Hualapai Forestry

Hualapai Tribal Forestry
By: Charles A. Murphy

This article is directed to both commercial fuelwood cutters and personal-use cutters.

Hualapai Natural Resources recently completed meetings with all the Cattle Associations. All of them had complaints against fuelwood cutters. Fences being cut in order to gain access to trees which were harvested, gates left open, cutters leaving high slash (the branches left after harvesting a tree), leaving high stumps and littering.

Remember, cutters, you are not the only ones utilizing the resources. Have respect for the other users. You are welcome to come into my office and get a copy of the cutting rules.

Community Development Institute • CDI Head Start*Submitted by: CDI Head Start***Community Development Institute****HEAD START****Serving Hualapai Tribe****PO Box 125****479 Hualapai Way****Peach Springs, Arizona 86434**

CDI Head Start Serving Hualapai Tribe, AZ is looking to fill the following positions:

Administrative Assistant Fiscal/Human Resources

This position is responsible for the human resources activities of the program including personnel files, ensuring orientation and tracking of staff. This position is responsible for the smooth operations of an office and other duties related to administration including answering phones, filing, etc. Performs all duties as required by the Program Director and other duties as assigned relating to the administrative component including, policy and procedure updates, typing, word processing, faxing, acting as receptionist and other clerical duties. This position performs all duties as required to ensure accurate and timely processing of accounts payable, accounts receivable, payroll and other duties relating to fiscal operations. Position is responsible for monitoring program expenses, tracking activity in program budget lines and communicating any issues or overspending concerns. Minimum requirements are a high school diploma or GED with some relevant experience in human resources and two years direct experience working with purchasing, accounts payable, accounts receivable and payroll. Must possess a basic understanding of accounting systems and have at least one year of direct experience working with an accounting system general ledger and budget. AA degree or higher in a related field preferred. The individual must possess a sound working knowledge of Microsoft Excel. The position must have the ability to manage numerous tasks, possess good organizational skills, communicate effectively with co-workers and the public, and work collaboratively in a team environment. Pay hourly \$11.71 hourly HS/GED, \$13.74 hourly AA.

Education Coordinator

This position is responsible for the general and day to day operations of a Head Start center, covering multiple classrooms, assuring regulatory and legal compliance with federal, state and local regulations, communicating with parents and the community and supervision and monitoring of all staff working at the center. This position is responsible for the education and early childhood development of the Head Start Performance Standards. This includes working to develop an early childhood education curriculum and providing educational resources for staff and parents. This position will also coach, mentor and guide teaching staff. This position requires at a minimum a Bachelor degree in Early Childhood Education, Child Development or other related Human Services degree with at least 30 credits in ECE credits and two years demonstrated experience working with young children and families. ONE year supervisory experience preferred. Position requires a B.A in E.C.E. \$1,600.00 bi/weekly.

Teacher Preschool/Teacher Preschool-On-call

This position serves as the lead worker in a classroom of Head Start children by planning, implementing, and supervising all classroom activities. This position works with typically developing children and children with disabilities. This position supports and assists families as they identify and meet their own goals through a family-centered case management model for developing and carrying out the program Family Partnership Agreements including responsibility for child files, enrollment/applications, etc. Entry-level requires an A.A. in ECE biweekly Pay is \$1,140.16 on AA waiver, \$1,221.60 AA level, and \$1,303.04 BA. We will consider applicants that are enrolled in an AA or BA degree program in early childhood education that are able to obtain the degree within a reasonable timeframe.

Assistant Teacher Preschool/Assistant Teacher On-Call

Community Development Institute

HEAD START

Serving Hualapai Tribe

PO Box 125

479 Hualapai Way

Peach Springs, Arizona 86434

This position works as a part of a teaching team to work as a partner with the teacher/lead teacher in developing activities for preschool (Head Start) children to provide them with varied experiences and an appropriate learning environment. Typically works with developing children and children with disabilities. Assistance is given to the teacher in carrying out the goals, policies, and activities designed to implement educational objectives and performance standards. This position works with families to promote parent involvement in the program. In addition, this position might also serve as a Bus Monitor as part of the transportation services provided by the program. This position may be assigned additional duties based upon program need and areas of developing expertise. This position works along with the teacher/lead teacher to attain the goals of the program. The position may be reassigned to various classrooms/centers as deemed necessary for program operations. Hourly pay \$10.00 HS/GED, \$10.69 CDA, \$11.71 AA or higher.

Program Aide/Program Aide On-Call

This position works as a part of a team to assist in activities in the areas of the classroom, kitchen and bus and/or to serve as a disabilities aide as needed. The position contains elements of job descriptions of positions with titles similar classroom aide, bus monitor, janitor and kitchen aide and as a disabilities aide providing support for children with disabilities. Works with typically developing children and/or children with special needs/disabilities. The minimum requirement is that the individual be 18 years of age. This is an entry-level position requiring no previous education or experience, a high school diploma or G.E.D. is preferred. Hourly pay \$10.00.

Cook On-Call

This position is one role in a large system of services provided to children and families. A strong food service program is important to supporting the goals of the program. This position is responsible the ordering, preparing, serving and documenting of meals and snacks. It includes following menus and all phases of kitchen operations including inventory control. The position may prepare foods for and/or preschool children following the USDA/CACFP standards. Position may involve reassignment to various kitchens/centers as deemed necessary for program operations. Hourly pay \$10.18. *This is an On Call position.*

Applications may be requested by emailing hr@htazhs.org or obtained at 479 Hualapai Way Peach Springs, AZ. 86434. Please submit all completed applications to hr@htazhs.org. All applications must be signed to be considered for employment. Positions are open until filled. CDI Head Start is an Equal Opportunity Employer. ■

Basic Wildland Firefighter Training	
Monday – Friday June 6-10	Peach Springs, AZ

Please contact: Jeramie Ybright @ 435-674-9720 or
Melvin Hunter @ 928-769-3308
with any questions.

2017 BIA Truxton Canon/Southern Paiute Wildland Fire Training

The 2017 Wildland Fire Season is on its way and we are looking for highly motivated individuals willing to work strenuous shifts, maintain a positive attitude, and to be a team player. Keep in mind fire is unpredictable so shifts include weeks away from home and working holidays.

What is Wildland Fire?

A wildland fire is an unwanted ignition which consumes available fuels (grass, trees, and shrubs) by crawling, creeping, jumping, and running before smoldering to rest. Unwanted fires are the results of Rodeo-Chediski Fire (2002), Wallow Fire and Horeshoe 2 fire (2011) and most recently on the Hualapai Reservation the Sage Fire (2016).

What causes a Wildland Fire?

There are two types of ignitions 1) "anthropogenic" the results of human activity such as playing with matches, dropping cigarettes, embers from chimneys, unattended camp fires, and sparks from machines 2) natural ignitions are from volcanic activity and lightning.

How do I apply?

Contact staff at Branch of Forestry or stop by the office for application and nomination form for trainings. The process for employment is to complete; 1) Drug test 2) Physical Exam required and processed through Medical Standards or a Self-Certification Health Screen Questionnaire 3) Southwest Firefighter Application 4) Work Capacity Test (WCT): Informed

The position which you are applying for will determine the WCT as Pack test, Field test, or Walk test.

What will I Do?

You will be a part of a 20 man hand crew made up of a Crew Boss, Squad Bosses, and Sawyers. On the other hand, you may be working on a wildland fire engine or a single resource depending on experience and qualifications your position may vary.

Required

- DOI Drug Testing is required; test must include the five drugs: marijuana, cocaine, opiates, amphetamines and phencyclidine. Drug testing is provided by the applicant with a copy of verification to the Branch of Forestry.
- For pack test dress in gym clothes with walking or running shoes.
- Wildland Fire boots are required with Vibram sole with 8 inch top.

Household Surveys Due March 1

Every year we are required to submit our income indicator counts to the state. These numbers determine our eligibility for a variety of grants. If you have not yet turned in your household income form, we need it by **THIS WEDNESDAY** in order for us to have an accurate count. If you need a form, we have them here at the school.

Roof Repairs Have Begun!

We are pleased to announce that the School Facilities Board grant to repair our gym roof has been approved and work began last Thursday! Weather permitting, work should be completed by the end of spring break. When the project is completed, all of the insulation will be repaired or replaced and we will have a gym roof free of leaks.

Pennies for Patients

Valentine Elementary School students collected nearly **8000 pennies** in its first year as part of the national "Pennies for Patients" campaign. The pennies were donated to The Leukemia and Lymphoma Society.

100th DAY!!!

In honor of our 100th day of school this year on Wednesday, March 1, all staff and students are encouraged to dress up as if they were 100 years old.

They are scheduled to come again to serve lunch on 3/9.

School A-F Labels

The Arizona Department of Education will be holding a public hearing for comments on the Draft A-F School Accountability Plan on Tuesday, March 7, from 6-8 pm at the Mohave County Building in Kingman. The public is invited to attend. The copy of the plan can be viewed at the school or online at www.azed.gov/essa/draftplan.

Always accepted!

HOW CAN I HELP MY STUDENT?

- **Ask them questions about school daily** - But not just yes/no questions. Ask questions that require more than a one-word response. Possible questions could include:
 - Tell me about the best part of your day.
 - Show me something you learned today.
 - What was the hardest thing you had to do today?
 - What are you going to be doing tomorrow?
 - What was the funniest thing that anyone said today?
- **Follow the Do and Don't List for homework.**

Do	Don't
Establish a routine for completing homework	Allow other activities to interfere with homework
Provide a quiet, well-lit space for homework	Allow siblings or friends to distract students
Encourage, praise, advise, supervise student	Complete students' work for them
Cooperate with and be supportive of the teacher	Criticize or change the assignments
Check that work has been completed and is legible	Accept incomplete, sloppy or skipped work

SPRING BREAK

March 16 is an early release day at 2pm. This signals the beginning of our Spring Break. School will resume on Monday, March 27.

Lexia Reading

If you attended conferences, your student's teacher discussed our use of an online reading program called Lexia Learning. Most students have shown substantial improvement in a short period of time. We will continue to utilize the program to work on getting all of our students reading at or above grade level.

Quote of the month:

"You are what you are and you are where you are because of what has gone into your mind. You change what you are and you change where you are by changing what goes into your mind." ~ Zig Ziglar

Applied Indigenous Studies Grad Certificate Program • Application Available March 15th

Submitted by: Kevin Davidson | Hualapai Planning Department

**NORTHERN ARIZONA
UNIVERSITY**

College of Social & Behavioral Sciences

Applied Indigenous Studies

Degree Graduate Certificate

Indigenous and Tribal Nation-Building, Leadership, Management, and Administration Program

The mission of the Graduate Certificate Program in Indigenous and Tribal Nation Building, Leadership, Management, and Administration is to prepare you to engage as a professional with federally-recognized American Indian tribal nations and Indigenous communities in areas critical to successful nation-building: law and policy, economic development and financial management, Indigenous leadership, and tribal public administration.

The program offers all of its classes online, so you can pursue your education as a working professional without leaving your community. In addition, the credits you'll earn toward your certificate can be applied to the university's Master of Public Administration degree.

Career Paths

This certificate will help you build your talents, knowledge, skills and abilities to pursue a career as:

- an environmental manager
- a director of economic development
- a Chief Executive Officer of a tribal enterprise or a leader of a Native nation
- a public service administrator in tribal, state, local, or national governmental agencies

Required Courses

- Indigenous Nation-Building I
- International Indigenous Law and Policy
- Tribal Administration and Human Resources Management
- Indigenous Entrepreneurship, Economic Development, and Financial Management
- Tribal Environmental Management and Policy
- Indigenous Nation-Building II

"The Applied Indigenous Studies Graduate Certificate Program is exciting because not only prospective and current leaders have a place to go to build on their leadership skills, knowledge, and abilities."

*- Terry Rambler, Chairman
San Carlos Apache Tribe*

"Current and prospective Native leaders in Canada and the US are faced with many challenges as they rebuild their nations, and the AIS Graduate Certificate Program is exactly what is needed to assist us as leaders."

*- Robert Braken, former Chief
Siksika Nation*

Applied Indigenous Studies

Mission Statement

The mission of Applied Indigenous Studies is to provide students with the knowledge and tools to contribute to the sustainability of indigenous communities in the 21st century. Using a curriculum to community approach, students in AIS are prepared to move from learning to action, applying Native ways of knowing for the benefit of indigenous communities within the US and abroad.

How to Apply

NA U is an Equal Opportunity/Affirmative Action Institution/UM_03_15

"Today, Indian Country is in the midst of growing their nations and communities, and the curriculum of the AIS Graduate Certificate Program will serve to create an opportunity for Tribal Leaders to gain valuable skills to support their efforts."

*- Jaime Fullmer, former Chairman
Yavapai-Apache Nation*

"Learning how to lead for many of us comes from both learning and experience. Too often some acquire the skill of leadership a bit too late. Through leadership training, one learns how to shape the future as opposed to accepting the status quo."

*- Herman G. Honanie, Chairman
Hopi Tribe*

**NORTHERN
ARIZONA
UNIVERSITY**

DISCOVER OPPORTUNITIES WITH A

**DEGREE IN APPLIED
INDIGENOUS STUDIES**

YOUR FUTURE IS CLOSER

Bring your goals into focus with a degree in Applied Indigenous Studies (AIS) at Northern Arizona University.

Pursuing an AIS degree will challenge you to grow every day: AIS will connect you to indigenous nations, peoples, communities, and professions throughout the world. You'll find opportunities to travel to South America, Australia, Mexico, and across the United States to do important work—as many AIS students before you have done.

What can you do with a degree in AIS?

As a graduate, you can pursue careers in these areas and many more:

- Policy
- Administration
- Environmental science and tribal environmental management
- Tribal/indigenous history
- Indigenous planning
- Native-based economic development
- Health sciences

Our faculty scholars and indigenous elders (traditional knowledge scholars) will guide you through exploration of your own roots and offer new sources and methods that will expand your knowledge boundaries. AIS learning extends beyond the classroom, giving you endless opportunities to work with, in, and for indigenous communities worldwide.

ACHIEVEMENTS

AIS graduates improve lives of indigenous peoples and others in local and global communities.

Consider additional AIS career areas:

- Indigenous entrepreneurship and sustainable economic development
- Tribal government liaisons with federal, state and local government agencies
- Renewable energy
- Health care professions
- Tribal forestry or environmental management
- Native cultural centers and indigenous museums

Our graduates have found careers around the world and in their own communities with these organizations:

- Environmental Protection Agency of the Navajo Nation
- Tohono O'odham Education Department
- Gila River Cultural Center
- Navajo Nation
- Colorado River Indian Tribes Human Resources Department
- Viejas Tribe Higher Education Program

GLOBALLY ORIENTATED • TRADITIONALLY GROUNDED • 21ST-CENTURY FOCUSED

Applied Indigenous Studies at Northern Arizona University

Training indigenous professionals to unlock potential today, tomorrow, and for seven generations to come.

Native American Science & Engineering Program • Due by March 17th

Submitted by: Lucille Watahomigie | Hualapai Department of Education & Training

2017-2018 Native American Science and Engineering Program

Greetings from Wildcat Country!

Thank you for your interest in applying for the 2017-2018 Native American Science & Engineering Program. The University of Arizona Early Academic Outreach is committed to providing as much guidance as possible during the application process. If you have any questions about applying, please contact Early Academic Outreach at 520-626-2300.

Prior to beginning the application process:

- 1) Read all directions
- 2) Review each required document
- 3) Ensure you are committed to program requirements

Application Directions:

The NASEP application pool is very competitive. Accepted applicants are granted a non-cost residential experience at the UA main campus. This includes housing, meals, program activities, college preparation materials and a free technology device. Full ownership of the tablet device and software is transferred to the student after completing the Sweet 16 math and lab science courses (<http://startnow.arizona.edu/prepare/sweet16>). Special emphasis is given to Chemistry, Physics, Pre-Calculus or Trigonometry upon graduation if possible. Note that some courses in the Sweet 16 are eligible for substitution if circumstances at high schools exist, so if unsure, please contact Early Academic Outreach at 520.626.2300 to get verification of eligible course substitutions.

NASEP seeks students who are highly interested in Math, Science, and Engineering fields, motivated to be a top student, dedicated to attend college, and have the desire to challenge oneself to new experiences and people. All applicants should make ample time to complete the application process.

Complete all required documents and submit in one packet by **March, 17, 2017** to:

Early Academic Outreach, 888 N. Euclid Ave. PO Box 210158, Tucson, AZ 85721-0158

--OR-- email all scanned/digital documents in one email to Amanda Cheromiah at acheromi@email.arizona.edu

Application Documents

- ☐ Participant Application
- ☐ Letter of Interest
- ☐ Transcripts of your high school coursework
- ☐ Proof of Tribal Enrollment
- ☐ Nominator Form
- ☐ Counselor Form
- ☐ Copy of PSAT/SAT/ACT scores (if available)

<http://eao.arizona.edu/nasep/application-process>

Program Requirements

- Incoming high school junior or senior for the 2017-2018 school year
- On track to completing Pre-Calculus, Chemistry, and Physics prior to graduation **
- Enrolled in a federally recognized American Indian or Alaskan Native Tribe
- Available to attend residential program June 11-17, 2017 and provide own transportation to Tucson, AZ
- Participate in academic tutoring services and other college preparation workshops throughout the 2017-2018 school year
- Submit course schedules and quarterly academic grades to NASEP staff
- Attend NASEP events that are offered in your local area during the 2017-2018 school year

**** IF YOU DO NOT MEET ONE OF THE CRITERIA, CONTACT EARLY ACADEMIC OUTREACH TO DISCUSS SPECIAL CIRCUMSTANCES**

NASEP is a competitive selection process and students are encouraged to apply by the March 17, 2017 priority deadline.

Indigenous Teacher Education Project • Deadline on Friday, March 31st*Submitted by: Lucille Watahomigie | Hualapai Department of Education & Training***INDIGENOUS TEACHER EDUCATION PROJECT*****Seeking future teachers committed to Indigenous education!***

The Indigenous Teacher Education Project (ITEP) will support a cohort of Indigenous preservice teachers in the University of Arizona's Elementary Education Program, with a focus on Indigenous Education.

- **Receive loan-for-service aid for tuition, stipend, & technology**
- **Participate in the American Indian Language Development Institute (AILDI)**
- **Work in schools serving Indigenous students**

**Application Deadline Extended to
March 31, 2017!!****To apply, contact:**

Sara Knepper, ITEP Academic Advisor
sme@email.arizona.edu | (520) 621-7865

Start date of ITEP: June 5, 2017. Accepted students must have earned Associate's degree & AGEC-A with UA Elementary Education Program Prerequisites by: August 21, 2017.

Native Youth Community Adaptation & Leadership Congress & College Horizons

Submitted by: Lucille Watahomigie | Hualapai Department of Education & Training

College Horizons 2017 Spaces Available

In case you or your student missed our Feb 14 deadline, College Horizons is currently accepting late applications for our 2017 workshops until further notice! Students who are interested in applying late should take advantage of this opportunity quickly since applications will be reviewed in the order they are received. We will be accepting late applications for as long as we have remaining spaces at our programs. To be safe, students can aim to submit an application within the next couple of weeks - we will send out another email and announcement on social media when we have filled all spaces. As more time goes on, spaces will become limited. You can help us spread the word by forwarding this email to students, parents or educators.

Students can download an application and view videos containing information and tips for applying to this year's programs at the links below. Or visit our <http://www.collegehorizons.org/> for more details. Please contact our office directly with any questions you might have. Thank you for your help and have a wonderful day!

THE COBELL SCHOLARSHIP APPLICATION IS NOW OPEN!

Summer 2017 and Academic Year 2017-2018 Opportunities available!

Please visit Cobellscholar.org to start your application!

DEADLINE:
March 31, 2017

Native Youth Community Adaptation and Leadership Congress

(this event was formerly known as the Intertribal Youth Climate Leaders Congress)

- **WHO:** Native American, Alaskan Native, and Pacific Islander 10-12th Grade High School Students (in small community groups of approximately 3-5) *Accepted students will travel with one adult chaperone from their community to and from the event.*
- **WHAT:** Native Youth Community Adaptation and Leadership Congress
- **WHEN:** July 9-15, 2017
- **WHERE:** National Conservation Training Center (NCTC), Shepherdstown, West Virginia
- **COST:** None *(All student travel to the Congress, lodging, and food costs at NCTC will be paid for by the Bureau of Indian Affairs and other federal agency partners.)*
- **Application Deadline:** Friday, April 7, 2017

3rd Annual Tribal Economic Outlook Conference

Pre-College Studies Class Orientation • May 22nd—May 25th
Submitted by: Jonell Tapija | Hualapai Department of Education & Training

RECEIVED

FEB 21 2017

PRE-COLLEGE STUDIES CLASS ORIENTATION 2016/17

(Four Days Monday – Thursday) May 22nd – May 25th 2017

Attendance is Mandatory all 4 days

Time: 1:00 pm to 4:00 pm Location: Room 903

Mohave Community College's Kingman Campus is offering Precollege Studies classes during the summer 2017 to help prepare students to take their GED and improve their skills in the areas of Reading, Math and Language as needed according to MCC's Accuplacer admissions testing. A free, mandatory orientation will be held in May, 2017. The orientation includes: 1) all state and additional college mandated processing; 2) diagnostic testing for class placement; 3) class registration paperwork; 4) introduction to MCC campus resources; 5) introduction to PCS required technology systems and resources. Additionally, students will be introduced to resources and strategies aimed at student success. In Precollege Studies classes, students receive individualized instruction as well as access to online materials to help them improve their skills. Accommodations are available through Disability Services for students with disabilities. **NOTE:** Upon receiving this flyer, call the Precollege Studies office at 928-692-3040 and confirm your spot at the orientation session as enrollment is limited. Additionally, call the PCS office to schedule a time beginning in March to come into the office to complete additional pre-orientation paperwork. Plan on the appointment taking approximately one hour.

*Students must complete their MCC online admission application form well before attending the PCS orientation. Before beginning the application process you will need to obtain an email address. (Note: MCC Admissions takes at least 72 hours to process. Have this completed before scheduling your pre-orientation office visit.)

On-line Admissions Procedure

The following directions will guide you to the MCC admission application form:

1. Go to Mohave.edu
2. Click APPLY NOW tab at top of page
3. Under the "Become an MCC Student" (lower right), click "Apply Now!" [red hyperlink]
4. Under Step 1. Apply for Admissions, click "online admissions application" [red hyperlink]
5. Click "Admission Application – MCC" [red hyperlink]
6. FOLLOW INSTRUCTIONS, make corrections to any fields marked in red and then click next page. When everything is correct, review and you will see a submit button at the end. Click SUBMIT you should get a thank you [your name]. Note – If you do not submit your application, you are not finished and your admission is not complete.

ISSUES THAT CAN DELAY ADMISSIONS AND IMPACT PCS CLASS REGISTRATION:

1. Students must have a usable email address that can be used by MCC and checked by the student. This email address will be used by Enrollment Services to contact students and inform them of any issues in residency as well as give them the process for documenting paperwork necessary to complete admissions residency requirements.
2. If students have taken classes in the past and one or more years have passed since enrollment, they are required to complete the admissions process again.
3. All students must attend to any past due balances owed MCC. Students with past due balance issues can contact the Bursar's Office at 928-757-0816.
4. Upon completion of admissions and residency documentation, you will be issued an ID card/number. You must bring this to the orientation. Additionally, bring both your government ID (driver's license or DMV identification) and your Social Security to the pre-orientation office visit.

Note: Students must be at least 16 years of age at start of pre-college studies classes, and students between 16 and 18 years of age must bring **proof of withdrawal from the last high school attended** to the orientation.

HEALTH & SAFETY INFORMATION

Health Education

Submitted by: Rebecca Rice | IHS Health Educator

What's Hiding in Hot Cheetos?

FAT. A 5 ounce bag has 55 grams of fat, the maximum amount of fat for the ENTIRE DAY for a child. They also deliver HALF the maximum amount of saturated fat (the artery clogging kind) for the day.

SALT. A 5 ounce bag has 1,250mg of salt, HALF the allowance for the ENTIRE DAY for a child. Too much salt leads to high blood pressure and risk for heart disease.

CHEMICALS. So much spice, but no chile powder listed on the ingredients. What makes them hot? Artificial chemicals. Sodium diacetate- also used as a pesticide on crops. Monosodium Glutamate (MSG) -addictive flavor enhancer that may lead to excessive weight gain.

ARTIFICIAL COLORS.

Red 40. The radioactive looking color does not come from chile peppers, it comes from a laboratory. There are concerns about Red 40 as a carcinogenic agent (cancer causing substance) and a cause of hyperactivity in kids.

WEIGHT GAIN.

Dangerously high in fat and calories, a bag of cheetos delivers way more calories than your body needs. To top it off, they are empty calories. No significant vitamins, minerals or any good nutrients that your body needs are provided in Cheetos.

SICKNESS.

The artificial flavors can irritate the stomach. Some kids have ended up in the hospital emergency room with gastritis- severe pain and irritation of the stomach lining- from eating too many hot Cheetos. MSG has been linked to headaches, nausea, heart palpitations, chest pain. In the long term, too much fat and salt in the diet can lead to diabetes and heart disease.

ADDICTION.

Research shows eating foods high in fat, salt, and MSG can actually be addictive. Eating these foods lights up the same part of the brain as when consuming alcohol and drugs.

BAKED ISN'T BETTER.

Don't let baked Cheetos fool you. They have less fat, but they still have way too much salt and all of the same chemicals, artificial colors and side effects of regular Cheetos.

Tips for Eating Healthy With Diabetes

Eat Less Saturated Fat

- Eat baked, broiled, or stewed fish and meats instead of fried.
- Use nonfat or low-fat salad dressing, mayo, and margarine.
- Try a food lower in fat in a favorite dish—for example, make mac and cheese with fat-free or low-fat cheese and milk.

Eat Less Sugar

- Drink water, sugar-free soda, or unsweetened iced tea instead of fruit drinks, regular soda, or sweet tea.
- Keep cold water in the fridge.
- Share dessert with someone else when you're eating out, instead of having a whole dessert.

Eat Healthy Portions

- When eating out, share a meal with someone else or put half in a box to take home.
- Eat slowly and take a break between bites.
- Do not skip meals—when you skip a meal, it's easy to overeat at the next meal.

One thing I will do to eat healthier before my next appointment:

Other notes from the doctor or nurse:

TOBACCO USE AND SECONDHAND SMOKE EXPOSURE IS HIGH IN MULTIUNIT HOUSING

- About **80 million (1 in 4) people in the US** live in **multiunit housing**, such as apartments.

- Many who live in public housing are especially affected by secondhand smoke, **including children, the elderly, and people with disabilities.**

- About **8 in 10 multiunit housing residents** choose to make their own homes **smoke-free.**

- About **20 percent of adults in multiunit housing use combustible tobacco products**, which are a source of secondhand smoke exposure.

Among multiunit housing residents with smoke-free home rules, **34 percent** report that secondhand smoke involuntarily enters their homes from somewhere else in or around the building.

There is **no safe level** of **secondhand smoke exposure**

Secondhand smoke can **travel within multiunit housing** and common areas through **doorways, cracks in walls, electrical lines, ventilation systems and plumbing.**

Opening windows and using fans **does not completely remove secondhand smoke.**

Heating, air conditioning and ventilation systems **cannot eliminate exposure to secondhand smoke.**

COMMUNITY MESSAGES

What Entitlement Means

Submitted by: Waylon Honga

March 3, 2017

Hwal'bay Ba:j
Peach Springs Arizona

If you remember, in one of my letters I wrote, "some tribal members expect to get hired again."

Think of this scenario, you are a tribal member and if you get terminated and if you expect to get hired again, then you feel "entitled" to a job.

You may feel entitled to another job because this is your reservation and these jobs are for "us." In this scenario, this is what I mean by "entitlement."

This is wrong for a couple of reasons. Number one, you are not the only Hualapai in the world. There are other Hualapai people who can do the job you do.

Number two, no Hualapai person should feel like he/she can come to work late, cause problems and expect to keep his/her job. Why? Because it is not fair to the Hualapai people who come to work on time, do their jobs and get along with their co-workers, etc. It is not fair to our people who do their jobs.

I have learned that some Hualapai employees will say to their non-Native supervisors that "this is our reservation and you are lucky to have a job here." The Hualapai tribal member is playing their tribal member card, their "entitlement" card.

I advise any non-Native supervisor to say in response to such a comment, "the only reason you have a job is because you are Hualapai." So you see, this argument can go both ways.

Think about IHS or BIA. They hire Hualapai people on our reservation but they are federal departments and if you mess up, they fire you. You cannot argue with your co-workers, question your supervisor's decisions, be absent or tardy every Monday and expect to keep your job.

IHS and BIA do not mess around. They do not give you second chances. I have heard that once the feds fire you, they do not hire you back, ever. You get one chance and that is it.

I worked for GCRC for 18 plus years and we hired some tribal members at least five times. I bet there are several tribal members who have been hired as many as 10 times.

This is a challenge because yes, this is our reservation. Our people have always been here and we will never leave because our creator put us here. This is our land and these jobs are for us. But what do we do when tribal members behave poorly on the job because they feel entitled to a job?

Again it is not fair to those tribal members who come to work, do their jobs, get along with co-workers and for the most part, are good employees.

My purpose for this letter is to highlight the feeling of "entitlement" some of our tribal members may have. This reservation is held in trust for Hualapai people but every tribal member needs to be treated fairly.

Another reason we need to treat all tribal members fairly is because we charge a lot of money for customers to visit GCW. A family of four that visits GCW will pay us a minimum of \$320. This does not include their gas to travel to GCW. If they arrived at GCW in a plane their \$320 does not include plane ticket.

A family of four will pay us a minimum of \$1,200 to take a raft with Hualapai River Runners. This does not include their meals before their rafting trip. It does not include their hotel cost or their gas money to get to Peach Springs.

We sell experiences when customers arrive, we have to be ready to do our jobs.

Wge
Waylon

Attention Valued Guests

Due to new generator testing, Diamond Creek Restaurant will be closing Monday, March 13 at 9:45 a.m.

We will be working as quickly as possible to be up and running by lunch, *however we cannot guarantee an opening hour.*

We apologize for any inconvenience and appreciate your understanding.
